

SP Distribution

Metering Point Administration Services Statement

Effective from 1st April 2026

Version 1.0

SP Distribution Limited – MPAS Statement

1. Introduction

SP Distribution Limited (“SPD”) is required, under Standard Licence Condition (SLC) 17 of its Electricity Distribution Licence, to provide a Metering Point Administration Service (MPAS). This statement has been produced in accordance with Standard Licence Condition (SLC) 18.

2. Entitlement to Use MPAS

MPAS is available to Licensed Electricity Suppliers, accredited Supplier Agents, and REC/BSC- authorised market participants.

4. Basis of Charges

Core MPAS services are recovered via Use of System (UoS) charges. Additional MPAS services are charged on a transactional basis, as per the Schedule of Charges below. Charges quoted exclude VAT.

5. Schedule of Charges

Service	Charge
Provision of Contact Notice (per notice)	£30.00
Full Refresh (not including annual Data Aggregator refresh)	£540.00
Selective Refresh (per Supply Number)	£30.00
Data Resend (per resend)	£61.00
Rejections (per rejection)	£30.00
Report to Data Aggregator (last file sequence number)	£30.00
Manual Amendment of Database	Individually quoted

6. Governance and Compliance

SPD complies with SLC17, SLC18, REC, BSC, and applicable charging methodologies.

7. Contact Details
