1. Introduction

INTRODUCTION

This manual is designed to guide you through the process of registering and connecting with the Iberdrola Group through SAP Business Network. Here you will find the necessary instructions to ensure a smooth and seamless integration, whether you already have an account on SAP Business Network or are starting from scratch.

Cases covered in this manual:

1. [I have an account with SAP Business Network, but I have no relationship with the Iberdrola Group](#)
2. [I do not have an account on SAP Business Network.](#)

If you are already a supplier of the Iberdrola Group in SAP Business Network (having participated in bidding processes through what we at the Iberdrola Group called IBuy), you will need to **update your information and/or fill out new forms**.

This is because, as part of the transition process to the new Supplier portal, the Iberdrola Group has centralised the required information in updated forms. You will receive an email with instructions on how to make this update.

If you encounter any issues with your account during the registration process, you can contact the SAP Help Desk by clicking [here](#).

2. Glossary

GLOSSARY

- SAP Business Network (BN): This is the SAP Ariba platform that allows us to establish business relationships with the Iberdrola Group.
- ANID (Ariba Network ID): This is the unique identification code that represents your company in the global SAP Business Network.
- IBuy: Former name by which the section “Ariba Proposals and Questionnaires” was known. From here, the requests for proposals received from the Iberdrola Group will continue to be managed in "Events", additionally, it is where the questionnaires will be to keep the organization's information up to date.
- Administrator: The person responsible for managing the supplier's account on the Ariba Network.
- Shipping location: Countries within the scope of operation.
- Organization: Company.

GLOSSARY (cont.)

- Registered supplier: Company that already has an active business relationship with the Iberdrola Group through SAP Business Network.
- Link account: Process by which a company with an account on SAP Business Network applies to become an Iberdrola Group supplier.
- Registration questionnaire: Digital document that must be completed to start the supplier registration process.
- Registration status: Status of the registration process (pending, approved, rejected).
- SAP support: SAP Business Network support team for technical issues or questions about the platform.

3. Case-by-case registration

Case 1: I have an account
with SAP Business
Network, but I have no
relationship with the
Iberdrola Group

Step 1: Receive the invitation

You will receive an email from SAP Business Network on behalf of the Iberdrola Group. In this email, the recipient of this letter is invited to be a supplier of the Iberdrola Group in SAP Business Network. Read the email carefully and click [Click here](#) to continue the process.

IBERDROLA GROUP

Dear TEST USA OAV 0711,

Iberdrola Group uses **SAP Business Network** as its single platform for supplier engagement. This platform manages all collaboration processes, including tenders, information exchange, order inquiries, invoices, payments, and supplier data updates. This platform enables more agile, transparent, and secure operations, streamlining the comprehensive management of our supplier relationships.

→ Before you begin: Are you the correct contact person?

If you are the appropriate person to manage your company's registration, please proceed with this email.

If not, please send an email to:

- cas_admon@iberdrola.es for Iberdrola, Iberdrola México and Iberdrola Energía Internacional
- Supplieraccounts@scottishpower.com for Scottish Power
- SupplierAssistance@avangrid.com for Avangrid

With the subject "Change of Contact Person – SAP Business Network".

In the body of the email, include:

- Company name
- Tax Identification Number (TIN)
- Full name and email address of the correct contact person

With this information, we will update the records and send a new invitation to the appropriate person.

→ What do you need to know?

- Registering your company in SAP Business Network is **free of charge**.
- SAP Business Network serves Iberdrola Group as well as other clients.
- If your company is already registered for other clients, **there is no need to create a new account**. Simply **log in** from this email using your existing account, and it will automatically be linked to Iberdrola.

→ Registration in SAP Business Network – What do you need to do?

- In order to operate with Iberdrola on SAP Business Network, your company must be registered on the platform.
- If you **already have an account**, you can continue using it.
- If you **do not have an account**, you will need to create one.

<< To register on SAP Business Network or log in with your existing account: [Click Here](#) >>

During registration, you will need to create a username and password to access SAP Business Network. If you encounter any issues during this process, [click here](#) to access the SAP Help Desk.

Once your account has been created or associated, you must **complete the process** by filling out a registration questionnaire with all the necessary information to collaborate with you as a supplier.

After submitting it, you will receive a confirmation email indicating that your request is under review and evaluation.

You will then be informed whether your registration has been **accepted or rejected**, along with the next steps in each case.

4. Check for an existent SAP Business Network account

Step 1: Receiving the invitation

You will receive an email from SAP Business Network on behalf of the Iberdrola Group. In this email, the recipient of this letter is invited to be a supplier of the Iberdrola Group in SAP Business Network. Read the email carefully and click [Click here](#) to continue the process.

IBERDROLA GROUP

Dear TEST USA OAV 0711,

Iberdrola Group uses **SAP Business Network** as its single platform for supplier engagement. This platform manages all collaboration processes, including tenders, information exchange, order inquiries, invoices, payments, and supplier data updates. This platform enables more agile, transparent, and secure operations, streamlining the comprehensive management of our supplier relationships.

→ Before you begin: Are you the correct contact person?

If you are the appropriate person to manage your company's registration, please proceed with this email.

If not, please send an email to:

- cas_admon@iberdrola.es for Iberdrola, Iberdrola México and Iberdrola Energía Internacional
- Supplieraccounts@scottishpower.com for Scottish Power
- SupplierAssistance@avangrid.com for Avangrid

With the subject "Change of Contact Person – SAP Business Network".

In the body of the email, include:

- Company name
- Tax Identification Number (TIN)
- Full name and email address of the correct contact person

With this information, we will update the records and send a new invitation to the appropriate person.

→ What do you need to know?

- Registering your company in SAP Business Network is **free of charge**.
- SAP Business Network serves Iberdrola Group as well as other clients.
- If your company is already registered for other clients, **there is no need to create a new account**. Simply **log in** from this email using your existing account, and it will automatically be linked to Iberdrola.

→ Registration in SAP Business Network – What do you need to do?

- In order to operate with Iberdrola on SAP Business Network, your company must be registered on the platform.
- If you **already have an account**, you can continue using it.
- If you **do not have an account**, you will need to create one.

<< To register on SAP Business Network or log in with your existing account: [Click Here](#) >>

During registration, you will need to create a username and password to access SAP Business Network. If you encounter any issues during this process, [click here](#) to access the SAP Help Desk.

Once your account has been created or associated, you must **complete the process** by filling out a registration questionnaire with all the necessary information to collaborate with you as a supplier.

After submitting it, you will receive a confirmation email indicating that your request is under review and evaluation.

You will then be informed whether your registration has been **accepted or rejected**, along with the next steps in each case.

Step 2: Check for an existent account

Before you begin registration, check whether you already have an account with SAP Business Network. This step ensures that your connection with the Iberdrola Group is established correctly..

The screenshot shows the SAP Business Network registration interface. On the left, there is a sidebar titled "Benefits of a business relationship on SAP Business Network" with four points: 1. Digitalize your business, 2. Ensure sustainability and compliance, 3. Simplify the sales cycle, and 4. Explore new business opportunities. The main content area has the heading "Connect with IBERDROLA GROUP on SAP Business Network to collaborate." and two primary buttons: "Create new account" and "Use existing account". Below these, there is a link "Not sure whether your company already has an account? Buscar su empresa". A green callout box with a pointer indicates that the user should click on "Search for your company" to check if an account already exists in their company's name. The footer includes the SAP logo and copyright information: "© 2025 SAP SE or an SAP affiliate company. All rights reserved. Declaración de privacidad Declaración de seguridad Condiciones de uso".
