
JUAN CARLOS REBOLLO LICEAGA

Mr. Rebollo holds a degree in Business from the Universidad Comercial de Deusto, with a specialisation in Finance. Professional with over twenty years of experience practising his profession.

He has undertaken most of his career in the energy sector, specifically within the Iberdrola Group.

RELEVANT EXPERIENCE FOR HIS ROLE IN SCOTTISH POWER

Non-independent non-executive director of Scottish Power Limited and Member of the Scottish Power Limited Audit and Compliance Committee

In 1989, he joined the Economic Department of Iberdrola, where he performed various roles. In 1994, he was appointed Head of the Management and Budget Control Department, where results models and tracking systems were developed, as well as closure forecasts of the Group, which have been applied since then. This team successfully led the implementation of economic models from the SAP system, which are currently the main basis for the management of the Group.

In 2001, he became the Manager of Administration and Control, responsible for the accounting, fiscal and information management duties of the Iberdrola Group. In the same year, he assumed the role of financial planning of the Group in the long term.

He is currently a Director of Iberdrola España, of Iberdrola USA. He also is a member of the Foundation Committee of the Iberdrola Group, and a Director of Iberdrola Finance Ireland Ltd., Iberdrola Financiación S.A., and Iberdrola Finanzas S.A.

Other sectors

He began his professional career at the professional services firm Arthur Andersen, where he specialised in the energy and financial sectors.

Currently, he is a member of the Accounting Experts Group of the Spanish National Securities Commission.

He also is a Director of Corporación IBV, S.A.
